4 Steps to Financial Freedom

1 - Buy your own home

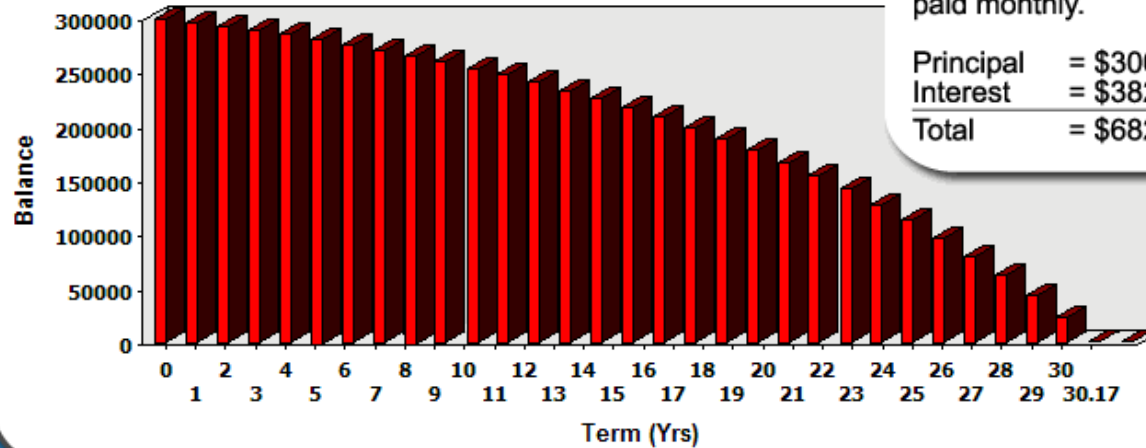

2 - Pay off the mortgage

3 - Pay less tax

*4 - Use equity and tax to buy
income producing asset*

Typical Low Interest Loan

*For every \$300,000 you borrow on this type of loan, you pay the **BANK** back another \$382,633 ON TOP OF THAT in interest.*

That means you'll end up paying back MORE THAN DOUBLE the amount that you borrowed!

It's only the last 10 years you start paying off the principal
